**2. Citations and explanations (Rule 70.7)**

The following documents identified in the International Search Report have been considered for the purposes of this report:

- 1/ US 4993245
- 2/ DE 4417821
- 3/ EP 455577
- 4/ US 4146302
- 5/ US 5022244
- 6/ WO 02/068784

All the documents cited in the ISR were category A only. The prior art published before the priority date does not disclose a medical device that is attachable to a piece of clothing via an elongate member passing there through and which is retained on said clothing by a receiving means that engages the elongate member. Therefore the claimed invention is not disclosed in any of these patent documents and hence all the claims are novel.

The claimed invention is not obvious in the light of any of the cited documents nor disclosed in any obvious combination, nor would the claimed invention be obvious to a person skilled in the art in the light of common general knowledge by itself or in combination with any of these documents.
